# Hollywood Casino at Kansas Speedway Poker Tournament House Rules

- Unless otherwise provided by specific tournament rules, these House Rules shall apply to all tournaments. In the event of a conflict between these House Rules and specific tournament rules, the tournament rules shall control
- Participants must be age 21 or older and be able to present a valid government or state issued ID upon request at time of registration.
- Participants must have a Marquee Rewards account and be in good standing with Hollywood Casino at Kansas Speedway (HCKS). Individuals who are excluded from casino facilities, either through a government program or by their own request, are not eligible.
- Participants must register in person on the day of the tournament.
  - Registration for all tournaments begins at 8:00am on the day of the tournament unless otherwise noted.
  - Registration for all tournaments will be limited by available tables and staffing.
  - Players may buy-in to tournaments with cash or value cheques.
  - Late registration and re-entry will be accepted until the end of the registration period (which is determined by that particular event's blind structure.) If no seat is available at the time of registration, players will be placed on a list of "alternates" and will be guaranteed a seat once available.
  - All players will receive a full starting stack at time of entry.
    - Alternates, re-entries, and late entries will be seated in the order of registration and will have their stack put into play once a seat is available.
  - Players may forfeit their current chip stack during the registration period and be eligible to re-enter the tournament. The chips of a forfeited stack will be removed from play.
    - Chip forfeiture is not permitted in tournaments designated as "Bounty Tournaments."
- All winnings will be paid by value cheques.
- Once the players are officially "in the money" players may make deals and alter Payout Table if all remaining players come to a unanimous agreement (this is known as a "chop"). If a "chop" arrangement is made, the tournament will end immediately and all prize money will be distributed as per the players' agreement.
  - Official finishing position will be determined by chip count at the time of chop.
- Players who lose all of their tournament chips shall be considered no longer part of the tournament and must leave the tournament area.
- Starting location of button for all tables will be determined on one table by drawing high card.
  - Re-draw for button will take place prior to start of the final table.
- Tables will play "hand for hand" if multiple tables are in still in play and the next player eliminated would result in the remaining players being in the money. The clock will continue to run during hand-for-hand.
- When 10 or fewer players remain, they will re-draw for seating position on the final table.
- The tournament clock will not be paused, except when consolidating players to the final table OR at management's discretion; time taken for floor calls and balancing tables is included in blind levels.
- For tournament payouts when multiple players are eliminated at the completion of a hand, the following rules will apply:
  - With one table remaining, if more than one player is eliminated at the completion of a hand, the awarding of prize money will be based on the players' stack size at the start of the hand. If two or more players are eliminated on the same hand at separate tables, they will split the prize payouts as evenly as possible regardless of their starting chip stacks on that hand.
  - When two or more tables remain, if two or more players are eliminated on the same hand at the same table, they will split the prize money as in rule 12a. If two or more are eliminated on separate tables, they will split the prize payouts as evenly as possible regardless of their starting chip stacks on that hand.
- Winners of all prizes are responsible for payment of all applicable state and federal taxes to the required agency.
- Under all circumstances the decision of HCKS Poker Management is final.
