Royal Match is an optional bonus bet for blackjack.

Royal Match considers the first two cards the player receives. If they are the same suit, the player wins. A sample payable is below. Several others are available.

Royal Match (King-Queen suited)	25 to 1
Two Suited Cards	2.5 to 1

To begin each round, players must make their standard blackjack wagers and, if they like, the Royal Match wager.

The dealer then follows house procedures for blackjack.

Once players have two cards, the dealer settles Royal Match wagers. If players have two suited cards, they win according to the payable. If their first two cards are not suited, players lose their Royal Match wager.

All games owned and operated by the Kansas Lottery.
